

SOUMYAKANTA BERA

Financial Analyst | FP&A & Controlling | Financial Modelling & Valuation | Credit & Risk
Milan, Italy · +39 347 924 9860 · bera.soumyakanta@yahoo.com
Available immediately | linkedin.com/in/soumyakantabera
Valid Italian study residence permit - convertible to an employee work permit, outside the quota system

PROFILE

MSc Finance & Risk Management graduate with internship experience in **M&A valuation** - DCF/comps modelling, P&L reviews, KPI summaries and competitor benchmarking. Built an independent **FP&A reporting pack** (budget-vs-actual variance analysis, variance bridges) and a quantitative early-warning risk model on a **279-firm, 14-country dataset** using panel statistical methods. Strong Excel and financial-modelling foundation, with SQL and Power BI as supporting tools for reporting and analysis. English C1, Italian B1 (certified); **available immediately.**

EXPERIENCE

M&A Analyst Intern | Valdonica SRL, Tuscany, Italy | Oct 2024 - Dec 2024

- Supported DCF and comps modelling with multi-year projections, scenarios, capex and sensitivity tables
- Prepared P&L reviews, KPI summaries and competitor benchmarking for due-diligence packs and senior-management presentations (Excel, PowerPoint)
- Analysed revenue, margin and key business drivers to support valuation

PROJECTS

Budget-vs-Actual Variance & KPI Reporting Pack | Independent project

- Defined reporting requirements and 12 KPIs; redesigned the monthly FP&A reporting cycle across 12 periods
- Built an Excel/Power BI budget-vs-actual pack with variance analysis, variance bridges and actual-vs-plan management reporting
- Reduced management-pack preparation time from ~4 hours to ~30 minutes

MSc Thesis - Inventory Buildup as an Early-Warning Signal | DOI: 10.2139/ssrn.7082778

- Built a Python/Excel/FactSet pipeline across 3,055 firm-years, 279 listed firms, 14 countries and 13 sectors, analysing inventory, working-capital, margin and cash-flow KPIs
- Developed a peer-adjusted abnormal-inventory risk indicator with panel statistics (fixed effects, clustered errors, placebo and multiple-testing checks)
- Found 17.1% vs. 12.6% margin-distress incidence in high-stress firm-years (0.24pp next-year gross-margin decline per SD); built a Power BI Stress Score dashboard with 0-4 risk flags and peer benchmarks

SKILLS

Finance & FP&A: FP&A reporting, management control, budgeting/forecasting, variance analysis, budget vs. actual, P&L/margin analysis, working capital, cash flow, capex, financial statement analysis, DCF/comps, IFRS, month-end close support, cash forecasting, past-due monitoring
Office, Excel & Modelling: Microsoft Office (Word, Excel, PowerPoint), advanced Excel, PivotTables, Power Pivot, XLOOKUP, financial models, scenario/sensitivity analysis, management and stakeholder reporting packs, SharePoint, Copilot, ChatGPT (prompting)
Credit & Risk: Quantitative risk indicators, panel statistical analysis, peer benchmarking, early-warning signal design, risk flagging
Finance Operations & ERP: Order-to-cash and purchase-to-pay cycles, receivables, reconciliations, cost/management accounting, basic ERP knowledge (SAP, Gestionale)
Supporting BI Tools: business intelligence and data visualisation in Power BI (DAX, data modelling; transferable to Qlik and Tableau), SQL, Python (pandas, NumPy, matplotlib)

EDUCATION

MSc Finance and Risk Management | Sep 2023 - Jul 2026
University of Florence, Italy · Graduated Jul 2026
Financial Statement Analysis, Corporate Finance, Computational Finance, Quantitative Risk Management, Derivatives

Bachelor of Business Administration | Jul 2019 - Jun 2022
MAKAUT, India
Financial Accounting, Cost Accounting, Management Accounting, Financial Management

CERTIFICATIONS

CFI Financial Analysis & Modelling · LSEG 8 Finance Essentials Certification · Università Bocconi - Private Equity and Venture Capital · Anthropic - Building with the Claude API · Microsoft Excel Professional Certificate · Microsoft Power BI Data Analyst · SAP S/4HANA Management Accounting (CO), SAP Learning - in progress
